

About *Life Together*

The *Life Together* family of resources is built upon foundations uniting the life of the people of God.

Seasons of the Church

With *Life Together*, the whole community, from children through adults, experiences in both worship and learning settings the seasons of the church — Advent, Christmas, Epiphany, Lent, Three Days, Easter, season after Pentecost, festivals such as Reformation and All Saints.

Stories and Themes

Life Together resources use the worship readings, and especially the reading from one of the four Gospels, as the starting point for the growth opportunities available at the various age levels. A common theme growing out of the biblical readings becomes the focus for learning.

Practices of Faith

Life Together resources are designed to nourish healthy faith practices. Some of these happen in worship: celebrating the sacraments, praying for others, sharing Christ's peace, singing faith and praise. Others take place beyond the worship setting: praying at home, forgiving one another, sharing faith with others, helping those in need, working for justice. These resources connect the learning setting and other settings where such expressions of faith are put into play.
