Evangelical Lutheran

## Worship

*Evangelical Lutheran Worship*, the new worship resource for our church, provides a reflection of the wonderful diversity that our church encompasses today. By embracing the whole of the church, *Evangelical*

*Lutheran Worship* can help us connect with others across the church and around the globe, by showing us:

- Differences that enrich our worshiping assemblies
- Various cultural, ethnic, generational, and theological contributions to worship practices, all faithfully Lutheran
- Perspectives of people from different places, cultures, and backgrounds
- Flexibility for planning that enables us to share together a common yet diverse core of prayer, praise, and song

Our great “cloud of witnesses” (Hebrews 12:1) includes a glorious variety of believers. With this new resource, we can celebrate this bounty at every service.

**Augsburg Fortress**  
One mission. One future. Together.
